

I AM RUNNING FOR HOPE.

Strides for Sophie

2015 CHARITY RUN

On June 20, 2015 I am running for Sophie.

A special 7 year old I know is living with the unthinkable. Sanfilippo Syndrome is a devastating, degenerative, and fatal genetic condition. There is no treatment and there is no cure – yet.

That's why I am joining Sophie and her hive for a family fun run in Stratford, Ontario to raise funds for research.

Thousands of children just like Sophie are watching their futures slip away unless we join together to help.

Please sponsor my run for Hope.
